FATAL ROW IN MEMPHIS .- MEMPHIS, May 1 .-A riot occurred this evening, between the policemen and negro soldiers, growing out of an attempt of the officers to arrest a white man whom the negroes attended to protect. About thirty policemen kept up the fight for two hours with 150 negroes. The row was finally quieted by the 16th Regiment of Infantry. One policeman was killed and three wounded; eight or ten negroes were killed and several wounded.

MEMPHIS, May 3 .- FURTHER FROM THE MEMPHIS Rior .- About thirty houses, occupied by colored people, and all the school houses in South Memphis, were pulled down or burned last night. Ten negroes were killed during the day. Everything is quiet this morning. The negroes fled to the woods last night, but are now returning.

MILITARY COMMISSIONS AND COURTS MARTIAL "Gone Up."-Washington, May 2.-An order has been issued from the War Department, by direction of the President, declaring that military commissions and courts martial are not authorized; therefore, they will not assume jurisdiction ,in the trial of persons other than those belonging to the army and navy of the United States, camp dollowers, contractors, and others as are indicated in the articles of war and Acts of Congress. -+0+

FADING AWAY .- The Baton Rogue Advocate ways the number of dead negroes in that city every month is over 100. The negro population of Baton Rogue does not exceed 4,000, and the deaths at the present rate will be 12,000 per annum. In the country the fatality is not so great, but even on the farms and plantations the restraining influence of the whites is no longer felt, and disease is more than ever fatal with them, while promiscuous intercourse, freedom of will and want of interest in their prog ny has checked their increase by natural means.

NORFOLK, May 3 .- Mrs. Jefferson Davis, her child, and servant, arrived at Fortress Monroe this morning in the steamer from Baltimore. After breakfast at the Hygeia Hotel, she was waited upon by one of General Miles's aids, who escorted her into the fort, where a most affecting meeting took place between Mr. and Mrs. Davis. The conditions upon which she is allowed to visit her husband have not transpired. Mrs. Davis is direct from Montreal.

### NOTICE.

A. CLINE. March 14, 11-3m,

TO THE CITIZENS OF SOUTH CAROLINA The termination of a sanguinary contest, which for the past four years has presented an impassible barrier to all social or commercial intercourse between the two great sections of our country, having at length happily cleared away all obstacles to a renewal of those relations which formerly bound us together in a fraternal union, I take the earliest opportunity afforded me by this auspicious event, to greet my Southern friends, and to solicit from them a renewal of that extensive business connection which for a quarter of a century has been uninterrupted save by the great public calamity to which I have adverted.

It is scarcely necessary, on the threshold of a business re-union, I should repeat the warning so often given to my friends,-to beware of all those spurious and deleterious compounds which under the specious and false titles of Imported Wines, Brandies, Holland Gin, Liquors, &c., have been equally destructive to the health of our citizens as prejudicial to the interest of the legitimate Importer.

Many years of my past life have been expended in an open and candid attempt to expose these wholesale frauds; no time nor expense has been spared to accomplish this salutary purpose, and o place before my friends and the public general-, at the lowest market price, and in such quantities as might suit their convenience, a truly genuine imported article.

Twenty five years business transactions with

the largest and most respectable exporting houses in France and Great i ritain have afforded me unsurpassed facilities for supplying our home market with Wines, Liquors and Liquores of the best and most approved brands in Europe, in addition to my own distillery in Holland for the manufacture of the "Schiedam Schnapps." The latter, so long tested and approved by the medical Faculties of the United States, West Indies and South America as an invaluable thera-

peutic, a wholesome, pleasant and perfectly sale

peverage in all climates and during all seasons, quickly excited the cupidity of the home manufacturers and venders of a spurious article under the same name. I trust that I have, after much toil and expense, surrounded all my importations with saleguards and directions which with ordinary circumspection will insure their delivery, as I receive them from Europe, to all my customers. I would, however, recommend in all cases where it is possible, that orders be sent direct to

my depot, 22 Beaver Street, New York, or that pruchases be made of my accredited agents. In addition to a large stock of Wines, Brandies, &c., I have a considerable supply of old tried foreign wines, embracing vintages of many years past, bottled up before the commencement of the you cannot come send, but in all cases let cash war, which I can especially recommend to all connoisseurs of these rare luxuries. In conclusion, I would specially call the early attention of my Southern customers to the ad-
